Navarro S. .................................................. 54

Cover photo by © Jack Wilburn of Rescue, California: Great Gray
Owl (Strix nebulosa), Yellowstone National Park, October, 1995.

Western Birds solicits papers that are both useful to and understandable by
amateur field ornithologists and also contribute significantly to scientific
literature. The journal welcomes contributions from both professionals
and amateurs. Appropriate topics include distribution, migration, status,
identification, geographic variation, conservation, behavior, ecology, popula-
tion dynamics, habitat requirements, the effects of pollution, and techniques
for censusing, sound recording, and photographing birds in the field. Papers
of general interest will be considered regardless of their geographic origin, but
particularly desired are reports of studies done in or bearing on the Rocky
Mountain and Pacific states and provinces, including Alaska and Hawaii,
western Texas, northwestern Mexico, and the northeastern Pacific Ocean.
Send manuscripts to Philip Unitt, San Diego Natural History Museum, P.O.
Box 1390, San Diego, CA 92112. For matter of style consult the Suggestions
to Contributors to Western Birds (8 pages available at no cost from the
editor) and the Council of Biology Editors Style Manual (available for $24
from the Council of Biology Editors, Inc., 9650 Rockville Pike, Bethesda, MD
20814).

Reprints can be ordered at author's expense from the Editor when proof is
returned or earlier.

Good photographs of rare and unusual birds, unaccompanied by an article but
with caption including species, date, locality and other pertinent information,
are wanted for publication in Western Birds. Submit photos and captions to
Photo Editor. Also needed are black and white pen and ink drawings of
western birds. Please send these, with captions, to Graphics Manager.
